

## REMARKS

In the Notice of Drawing Inconsistency with Specification it was indicated that Figures 6A, 6B, 6C and 58D are listed in the Brief Description of the Drawings but are not contained in the Drawings. It was also indicated that Figure 6 is contained in the Drawings but not listed in the Brief Description of the Drawings. By this amendment, the specification has been amended to be consistent with the Drawings which are actually in the application.

Applicants respectfully submit that the amendment to the specification is merely to correct a discrepancy between the Figures and the Description of the Drawings in the specification. No new issues have been raised and no changes to the scope or breadth of the claims has been made.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

If there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
